MyCTO Innovations, Gaziabad | *Web Developer Intern* — 01 May 2023 – Present

Working on robust and scalable web applications. Have worked on some live project like :

- WealthGrow
- LearnLinkage
- Tagic Insure
- KK Digital Headways
- Sloggle Consultancy

IEEE- Computer Society SRMCEM | *Chairperson* — April 2023 – December 2023

Organized hackathons and conducted sessions for 50+ college students on Web Development, AI-ML, Blockchain related topics.

Algozenith SRMCEM Chapter | *Tech Lead* — Nov 2022 – June 2023

Guiding students in DSA and Competitive Programming.

PROJECTS

Housing Web Platform | *HTML, CSS, Javascript, Tailwind CSS, Python*
- Integrated advanced features like AI chatbots with comprehensive property information, the platform is a testament to my commitment to enhancing user experiences and making accommodation searches more convenient and efficient
- Github-Link (https://github.com/IteeMishra/Findhome/)

Web-based Resume Builder | *Javascript*
- It simplifies the process of creating professional resumes. It provides an easy-to-use interface where users can input their personal information, educational background, work experience, skills, and more, generating a visually appealing resume that can be printed or saved as a PDF.
- Github-Link (https://github.com/IteeMishra/Resume-Builder/)

Trending Tales | *HTML, CSS, Javascript, NewsAPI*
- The project fetches real-time news data from a live API, such as the News API. This integration ensures the news feed is always up-to-date with the latest articles from various sources.
- Github-Link (https://github.com/IteeMishra/TrendingTales/)
- Website-Link (https://iteemishra.github.io/TrendingTales/)

ACHIEVEMENTS

- Secured **College Ranking of 18** on **GeeksForGeeks platform.** Profile-Link
